MEMORANDUM FOR: Director of Training

ATTENTION : Deputy Director of Training

SUBJECT : Escape and Evasion Training at [redacted] for Six Contract Employees of Project AQUATONE

25X1A6a

1. Confirming our telephone conversation of this morning, this is to establish a requirement primarily for the transportation from Washington to [redacted] the billeting and feeding at the latter installation, and the return transportation for 6 American citizen contract employees of Project AQUATONE.

25X1A6a

2. We are asking that transportation be made available for these individuals leaving Headquarters early in the morning of 1 May and returning from [redacted] on the late flight 4 May or as soon thereafter as is operationally feasible. While I understand that it is not normal practice that you have a plane flight to [redacted] on Tuesday morning, I believe that training of these individuals is of sufficient importance and the requirement for their service so urgent that we are justified in requesting any special arrangements that your office can make.

3. I believe that it would be a good idea if these individuals were billeted apart from the regular students in attendance at [redacted] and, if it is at all possible, a separate messing arrangement would be extremely helpful - though not mandatory.

4. The individuals who are the subject of this memorandum are identified as follows:

5. Your timely cooperation in making the necessary administrative arrangements will be greatly appreciated. I shall be away from the office until approximately 9 April but in the meantime inquiries concerning this memorandum may be directed to [redacted] Assistant Admin Officer.
